

2017 ENVIRONMENTAL SCORECARD

Dear Reader,

After big wins last year in renewable energy and energy efficiency, as well as an important lead testing bill for schools and child care centers, 2017 seemed destined to be a very slow year.

In fact, we used the influence of our strong environmental coalition to build on these successes. For example, after years of work, Illinois will join many other states to finally offer Property Assessed Clean Energy (PACE) financing, making clean energy more affordable for commercial properties. Another of our legislative accomplishments ensures that Natural Areas Acquisition Fund dollars will be available to fund stewardship of open spaces, after being restricted to land acquisition for many years.

We were also pleased to see progress on expanding opportunities for local food and sustainable agriculture through the Food Freedom Act and changes to Farmers Market regulations. However, the Industrial Hemp Act, which would have allowed farmers to grow this sustainable crop, was stalled in the House.

Finally, we are grateful that Illinois now has a budget after nearly three years without one. Even better, the FY18 budget saw only limited sweeps to environmental funds and appropriated money for renewable energy and conservation programs. Thank you to the legislators that supported SB6, SB9, and SB42.

We hope that you find IEC's 2017 Environmental Scorecard to be an informative and useful tool. As always, thank you for your dedication in keeping up with events at the state level and supporting IEC.

Jennifer Walling
Executive Director, Illinois Environmental Council

EXPLANATION OF SCORING

For each bill, legislators are evaluated on whether they voted with the pro-environment position (“+”) on the bill or against it (“-“). For bills that the environmental community supports, a YES vote is a + and a NO vote is a -. For bills that are opposed, a NO vote is a + and a YES vote is a -. The votes are then tallied and an overall score is calculated. For instance, someone who voted pro-environment on six bills and against on four bills is given a 60% score.

The only votes not counted are those when a legislator had an excused absence (noted in the chart as “A” or “E”), which generally meant that the legislator was not in Springfield on that day due to an illness or other unexpected circumstances. Legislators who had absences were scored according to the other votes they cast.

Two other voting possibilities are included. On occasion, a legislator may vote “Present,” which is essentially an abstention. We typically have counted these votes the same as a no vote on the bill, because the impact on the bill’s potential to pass is the same as if that legislator had voted no. These are shown in the voting chart as “P” and counted the same as a “+” when it helps the pro-environment position, and shown as “p” and counted as “-” when it hurts. Similarly, when a legislator is in Springfield but does not vote on a bill, we have counted it the same as a “no” vote on the bill. This is noted in the chart as “NV” and counted the same as a “+” when this action supports the pro-environment position. It is noted as “nv” and counted as “-” when it does not support the pro-environment position.

Legislators have many reasons for voting “Present” or for not voting at all. They may vote “Present” because of a philosophical conflict on the issue, or simply because they don’t want to commit publicly one way or the other. They may miss a vote because they were in an important meeting, were in the bathroom at the time of the vote, or were at their desk but decided not to vote. Regardless of the reason, all of these actions have significant consequences for whether or not a bill passes, and therefore we have decided that it is appropriate to hold legislators accountable for their actions, whatever they may be.

ABOUT THE BILLS IN THE 2017 ENVIRONMENTAL SCORECARD

HB2831: PROPERTY ASSESSED CLEAN ENERGY ACT - SUPPORT

Sponsors: Rep. Lou Lang and Sen. Karen McConnaughay

- HB2831 allows local governments to create their own property-assessed clean energy programs and issue low interest bonds to finance clean energy projects.
- HB2831 passed the House by a vote of 73-28-0 and the Senate 53-0-0.

SB71: NEW PUBLIC UTILITY WIND PROJECTS - SUPPORT

Sponsors: Sen. Don Harmon and Rep. Lou Lang

- SB71 removes certification requirements for new, utility-scale wind projects, which makes it easier to build these projects under the Future Energy Jobs Act.
- SB71 passed the Senate by a vote of 47-3-0 and the House 113-0-0.

SB1029: NATURAL AREAS STEWARDSHIP ACT - SUPPORT

Sponsors: Sen. Jason A. Barickman and Rep. Thomas M. Bennett

- SB 1029 promotes stewardship of Illinois' natural resources by allowing Natural Areas Acquisition Funds to be used on stewardship activities in addition to land acquisition.
- SB1029 passed the Senate by a vote of 55-0-0 and the House 108-0-2.

HB685: MILKWEED CLASSIFICATION - SUPPORT

Sponsors: Rep. Anna Moeller and Sen. Melinda Bush

- HB 685 would prohibit counties and municipalities from classifying milkweed as a noxious or exotic plant.
- HB 685 passed the House by a vote of 114-2-0 and has moved to the Senate.

HB2568: STATE WILDFLOWER - SUPPORT

Sponsors: Rep. Anna Moeller and Sen. Melinda Bush

- HB2568 makes milkweed the official wildflower of Illinois.
- HB2568 passed the House by a vote of 101-8-0 and the Senate 45-8-1.

HB3399: BOBCAT HUNTING - SUPPORT

Sponsors: Rep. Sara Feigenholtz and Sen. Don Harmon

- HB3399 bans the hunting and trapping of bobcats in many parts of Illinois, and limits the number of bobcats that can be killed in the parts of the state where it's allowed.
- HB3399 passed the House by a vote of 78-27-0 and the Senate 52-1-0. It also passed in House concurrence votes.

SB1417: RECYCLING E-WASTE - SUPPORT

Sponsors: Sen. Pamela J. Althoff and Rep. Natalie A. Manley

- SB1417 requires manufacturers to provide e-waste programs to transport and recycle residential electronic devices through a convenience-based standard. These programs are to start in 2019.
- SB1417 passed the Senate by a vote of 49-0-0 and the House 80-23-0.

SB1420: COOKING OIL COLLECTION - SUPPORT

Sponsors: Sen. Chris Nybo and Rep. Peter Breen

- SB1420 exempts non-profit organizations and government entities that collect cooking oil in collection drives from the public from registration, licensing, fee, and reporting requirements.
- SB1420 passed the Senate by a vote of 54-0-0 and the House 109-0-0.

SBI456: POLLUTION CONTROL FACILITIES - SUPPORT

Sponsors: Sen. Julie A. Morrison and Rep. Mike Fortner

- SB1456 allows food scrap at certain landscape waste transfer facilities to improve food scrap composting infrastructure.
- SB1456 passed the Senate by a vote of 58-0-0 and the House 107-0-0.

HB3063: COTTAGE FOOD PRODUCTS - SUPPORT

Sponsors: Rep. Will Guzzardi and Sen. David Koehler

- HB3063 expands cottage food operations by removing previous restrictions on non-hazardous foods.
- HB3063 passed the House by a vote of 114-0-0 and the Senate 54-0-0.

SBI294: INDUSTRIAL HEMP - SUPPORT

Sponsors: Sen. Toi W. Hutchinson and Rep. Lawrence Walsh, Jr.

- SB1294 would allow the Department of Agriculture to license those interested in cultivating industrial hemp, a sustainable agricultural commodity.
- SB1294 passed the Senate by a vote of 55-0-0 and is now in the House.

HB2820: FARMERS' MARKETS - SUPPORT

Sponsors: Rep. Steven A. Andersson and Sen. David Koehler

- HB2820 provides uniform food safety and sanitation rules for farmers' markets in response to complaints from vendors that the previous rules were overly burdensome and inefficient.
- HB2820 passed the House by a vote of 113-2-0 and the Senate 53-0-0. It also passed a House concurrence vote.

SBI337: STORMWATER MANAGEMENT - SUPPORT

Sponsors: Sen. Sue Rezin and Rep. Mike Fortner

- SB1337 would authorize counties to adopt stormwater management plans by referendum and allows county boards to use new policy tools to mitigate the effects of stormwater runoff.
- SB1337 passed the Senate by a vote of 42-6-0 and is now in the House.

HB2880: CONSTRUCTION DEBRIS LANDFILLS - OPPOSE

Sponsors: Rep. Daniel V. Beiser and Sen. Michael E. Hastings

- HB2880 aimed to remove permitting requirements from land transfers of quarries used as landfills for clean construction and demolition debris, putting groundwater at risk.
- HB2880 passed the House by a vote of 110-2-0 but failed in the Senate with a vote of 29-25-1.

HB659: WATER RECLAMATION - SUPPORT

Sponsors: Rep. Elaine Nekritz and Sen. Bill Cunningham

- HB659 provides for a nutrient trading program that aims to improve water quality in Illinois. The program should give preference to projects that benefit low-income or rural communities where quality improvements can be made.
- HB659 passed the House by a vote of 102-0-0 and the Senate 56-0-0.

HR490: CLIMATE ALLIANCE RESOLUTION - SUPPORT

Sponsors: Rep. Robyn Gabel and Sen. Heather Steans

- HR490 urges Governor Rauner to join the U.S. Climate Alliance.
- HR 490 was adopted by the House by a vote of 54-29-0.
- SR655 passed unanimously in the Senate by a voice vote.

The Environmental Scorecard is published by the Illinois Environmental Council (IEC) for purposes of public education. It provides a record and analysis of votes in the Illinois General Assembly on a wide range of environmental and conservation bills with the goal of creating a better-informed citizenry.

No endorsement of any party, legislator or political candidate is implied in this Scorecard or in any other publications or activities of the Illinois Environmental Council. The IEC does not make financial contributions to any candidate or political party.

IEC is a non-partisan 42-year-old organization that promotes sound environmental laws and policies, provides a forum for environmentalists, and facilitates a statewide activist network. IEC performs legislative advocacy and serves as the environmental community's eyes, ears and voice in Springfield.
